Recent Activities

Presentations – we average 10 to 20 educational presentations per year at local libraries, schools, astronomy clubs, conventions, the Adler Planetarium, and the Museum of Science and Industry. Some of our talks included “The Cassini Mission to Saturn”, “Mars Exploration Rovers”, “The Space Year in Review”, and “The Future of Human Space Exploration”

Guest Speakers – have included Dr. Robert Zubrin, founder of the “Mars Society”, and Dr. Dave Criswell, director of the space organization ISSO and inventor of the Lunar Solar Power Concept.

Sponsors – in 2004 we sponsored NSS Executive Director George Whitesides presentation of the Heinlein Award to Apollo 13 Captain James Lovell.

Field Trips – to Astronomy Day at Harper College and the Adler Planetarium.

Project – we are currently building a futuristic interactive moon base exhibit.

Our History

- Established in 1977
- Sponsors of cosmonaut Georgi Grechko's visit to Chicago
- Supported the building of the Harper College Observatory
- Cosponsor of the 1989 International Space Development Conference in Chicago
- Affiliated with the National Space Society since 1990
- Received the National Space Society 2006 Public Outreach Award

Community Services

Web Site – at www.chicagospace.org learn about upcoming shows and lectures in the greater Chicago area.

Speakers Bureau – CSSS provides experienced speakers whose area of expertise is space exploration for lectures at schools or other organizations.

Join Us

Are you interested in becoming informed about current space exploration or in volunteering as a space activist? You are invited to join the Chicago Society for Space Studies.

Free membership includes the following benefits:

Presentations – receive advance notice of CSSS sponsored space presentations

Field Trips – enjoy attending space museums, astronomy events, movies with group members

Volunteer Opportunities – you may be interested in providing your talents to CSSS for areas such as space education, recruiting and political outreach.
